Okabra Aton is beskryf as 'n bul wat al die nodige eienskappe het om as 'n stoetvaar te dien. Sy pa is die bekende Australiese stoetvaar Elrose Bentley.

## Schneider-bul verkoop vir N\$172 000

Die Okabra-boeredag op Saterdag 25 Mei deur Grootfontein se Schneider-familie het op 'n hoë noot afgesluit toe die bul Okabra Aton (20-7140KB) vir N\$172 000 aan die

Brahmaan-teler Sidney Martin verkoop is.

Altesaam vier van die tien Okabra-bulle op aanbod is teen 'n gemiddelde prys van N\$74 000 verkoop: Twee vir

die prys van N\$40 000 elk en 'n derde bul vir N\$44 000.

Vanjaar was dit die tweede keer dat die nuwe Helmsman-veilingstelsel tydens die vei-

## Oorwinningsklok beier vir Andro

Terwyl Wêrelddag vir Bloedkanker op Dinsdag 28 Mei herdenk is, kon die 16-jarige Andro Blaauw van Grootfontein op Vrydag 24 Mei eindelijk die klok lui toe hy sy laaste chemo-sessie ontvang het.

Andro, wat met osteosarkoom ('n tipe beenkanker) twee weke ná sy 16nde verjaarsdag gediagnoseer is, het onlangs 'n operasie in Kaapstad ondergaan. Sy regter femur is onder leiding van prof. Keith Hosking verwyder en 'n prostese inplanting is gedoen.

"Andro het op Saterdag 25 Mei teruggekeer Namibië toe en sal vir die volgende twee jaar elke ses maande Kaapstad toe moet gaan vir opvolgbesoeke aan prof. Hosking in Kaapstad," het

Grootfontein se Johan Spangenberg gesê. Johan is die administrateur van die Andro Blaauw Kankerfonds, waarin geld vir Andro se behandelings ingesamel is.

"Andro se eerste opvolgbesoek in Kaapstad is 17 Junie om seker te maak alles is reg met die prostese en die kanker is weg, maar alles lyk tans goed en Andro is optimisties," het Johan gesê. Intussen sal daar voortgegaan word om vir Andro geld in te samel om onder meer sy reiskoste na Kaapstad te dek. Johan sê daar word noukeurige rekord gehou van die geld.

### Hulp vir Cha'risse

Intussen het nog 'n vrywilliger 'n plan beraam om geld vir die 13-jarige Cha'risse van Wyk van Grootfontein in te samel wat aan bloed- en beenmurgkanker ly.

Eugene Cloete ry tans met 'n bromponie (scooter) van Pretoria via Gabarone na Grootfontein en daarvandaan na Ondangwa, Swakopmund en Windhoek om eindelijk 3 084 km te voltooi. Hy het reeds op Dinsdag 28 Mei weggespring terwyl borge en skenkings gevra word.

Dit volg nadat die soektog vir 'n geskikte beenmurgskenker vir Cha'risse nie kan voortgaan nie weens 'n gebrek aan fondse.

Cha'risse ontvang deurlopend chemoterapie vir bloed- en beenmurgkanker, wat maandeliks sowat N\$40 000 kos.

Sy sal eindelijk 'n beenmurgoorplanting moet kry wat sowat N\$5 miljoen sal kos.

Vir meer inligting, kontak haar ma Charmain van Wyk (081 375 8142). Bydraes vir Cha'risse kan gemaak word aan die **Cha'risse van Wyk Kankerfonds, Bank Windhoek rek. nr. 803 577 0278, Grootfontein. Ds. Dirk de Vos van die NG-kerk administreer die rekening.**

ling gebruik is – die keer het die Schneiders en Agra saamgespan om 'n digitale platform te ontwikkel, wat kopers in staat gestel het om beide aanlyn en op die perseel te bieb.

Sowat 150 mense het die dag op die familieplaas Okamutombe bygewoon, waarvan die tema "veerkragtigheid" was.

Vyf kenners het dié tema uit verskillende invalshoeke benader: Unam se prof. Helmke Von Bach het gepraat oor hoe die plaaslike lewendehawe-

sektor op die toekoms moet voorberei, terwyl die kliniese sielkundige dr. Käthe Burkhardt gefokus het op hoe boere die uitdagings van die lewe die hoof kan bied sonder om hul veerkragtigheid te verloor.

Suid-Afrika se Frikkie Maré van die RPO het raad oor finansiële veerkragtigheid gegee.

Reimo Schneider, die seun van veteraanboer Mecki en ook die vierde generasie boer op die familieplaas het oor veerkragtigheid in koei-herkonepsie en die Okabra-stoet se genetica gepraat.

## Oud Otjiwarongo-nooi gegroet

**Ronelle Rademeyer (56), 'n plaasnooi van Otjiwarongo en voormalige nuusredakteur by Republikein se roudiens word môre (Saterdag 1 Junie) by die NG-kerk in Eros, Kuisebstraat gehou.**

Dit volg nadat sy op 20 Mei haar stryd teen kanker in Windhoek verloor het, met honderde Namibiërs, vriende, familie en kollegas wat hul hartseer oor haar heengaan uitgespreek het. Sy is beskryf as 'n uitmuntende joernalis en mentor vir menigte, dog ook een van die mooiste mense in karakter en siel wat vir almal die voorbeeld gestel het van wat omgee, deernis en menslikheid beteken.

Selvs president Dr. Nangolo Mbumba het op die laataand van 20 Mei sy medelye uitgespreek met die heengaan van die veteraan-joernalis:

“Ek verneem met hartseer van die afsterwe van die ervare joernalis, Ronelle Rademeyer. In haar onderskeie rolle, insluitende as die nuusredakteur van Republikein en sekretaris-generaal van die Redakteursforum van Namibië (EFN), was sy 'n passievolle joernalis wat 'n kernrol in die bevordering van die

media- en joernalistieke-landskap in Namibië vertolk het. Sy sal onthou word vir haar toewyding aan etiese joernalistiek en persvryheid. Terwyl ook die presidensie en regering 'n waardevolle mediavenoot verloor het, vind ons troos in haar enorme bydrae tot die ontwikkeling van joernalistiek en die professionele perskorps in Namibië.

“Namens Namibiërs en die Namibiese regering spreek ek my diepste medelye teenoor haar man, kinders, familie en media-kollegas uit. Mag God vir julle vertroosting in hierdie moeilike tyd bied,” het die president gesê.

Ronelle se media-loopbaan het 33 jaar gelede by *Beeld* in Pretoria afgeskop. Sy was ook vir 'n paar jaar deel van die tydskrif *Sarie* se redaksie in Sandton voor sy en haar gesin in 1998 teruggetrek het Windhoek toe. Sy het toe by *Republikein* aangesluit en was die nuusredakteur tot haar uittrede.

Ronelle laat haar man Lourens, hul twee seuns, Wilhelm (28) en André (25) na, asook haar ouers, vier susters, hul mans en kinders.

## End of El Niño, good hope for La Niña

**The reigning El Niño is expected to dissipate completely within a month, while La Niña conditions are likely to be established by September.**

This is according to the U.S. Climate Prediction Center, which has updated its latest outlook to a La Niña watch. La Niña is often associated with 'wetter than usual' conditions in Southern Africa, whereas El Niño conditions often lead to unpredictable and weaker rainfall in Namibia.

The center states that neutral ENSO conditions are expected to set in within the coming month, signaling the end of this

past season's El Niño. ENSO stands for the El Niño-Southern Oscillation climate pattern.

There is a 49% chance of La Niña conditions developing between June and August and an even higher chance (69%) of La Niña setting in between July and September. According to weather models, La Niña will maintain its influence over weather conditions throughout the Southern Hemisphere's summer.

The center adds that La Niña conditions usually follow strong El Niño events, further increasing confidence in their forecast.
